Panic starts to hard now, once again  
I have gone too far,  
I don't know when  
It ever happened this time.  
Everything is dark and full of hate  
How can you be jalouse of my faith  
It's not my decision  
And can you even hear me..?  
Your attack has gone to far  
And i know just who you are  
Haven't had a chance to state my case  
And it'd be better if you  
Hit me  
Kick me  
Then not to even look me in the eyes.  
You are  
You are  
You're just a fallen star  
You are  
You are...  
Words like this go spread throughout the crowd,  
We tell each other secrets, not to loud  
You couldn't keep your mouth shut, again.  
You don't think Im near me like you did,  
Afraid that some one might see you, it is not your  
decision,  
But do you wanna hear me..?  
Your attack has gone to far  
And i know just who you are  
Haven't had a chance to state my case  
And it'd be better if you  
Hit me  
Kick me  
Then not to even look me in the eyes.  
You are  
You are  
You're just a fallen star  
You are  
You are  
You're just a fallen star..  
Panic starts to hard and once again  
I have gone too far,

I don't know when  
It ever happened,  
But do you wanna hear me..?  
Your attack has gone to far  
And i know just who you are  
Haven't had a chance to state my case  
And it'd be better if you  
Hit me  
Kick me  
Then not to even look me..  
Hit me  
Kick me  
Then not to even look me in the eyes..  
Look me in the eyes..  
Your attack has gone to far  
And i know just who you are  
You are  
You are  
You're just a fallen star  
You are  
You are just a fallen star
