Cross your heart & hope to die  
You superstitious fool  
Yours is not to question why  
Yours is to obey the rules  
Totally irrational  
Fear bred for fears sake  
Your choice is unconditional  
Fear decides the path you take

Mirror mirror tarot dealer  
Seven years now shall believer  
Punish me my faith healer  
Aces high - devils eye

Thirteen - thirteen

Psyche - illogic lunacy  
Deity or triple six  
Read your bible say a prayer  
& hide behind your crucifix  
Walk beneath the golden stairs  
Rape the holy trinity  
Break a mirror if you dare  
& damn you for eternity

Mirror mirror on the wall  
Seven years now shall i fall  
Punish me for my beliefs  
& let my cries come unto ye

Thirteen - thirteen - thirteen  
Thirteen - thirteen - thirteen  
Thirteen - thirteen
