At the top of the highest peak
I pray to see the sunlight
I hope one day I'll be up there
With velvet blue skies

Far away from the long-lost chains
I swear watch the sun rise
But I'm and I'm waiting now
And breaking free for the first time

But you won't try it
You won't find it
There's nothing you can do

[CHORUS:]
I just wanna burn
And reach out for the sun
Gaze into the furnace
Life has just begun
I just wanna burn
That you'll already go
And you won't take my freedom

I just wanna burn

I can't be trapped inside these chains any longer
I used to be so weak but now I know I'm stronger
I know the world can make you feel so much smaller
We want to know what you're really made of

But you can't find it
You can't hide it
There's nothing you can do

[CHORUS]

There's no way you can stop me
I'm gonna make myself complete
So always be proud of me
But I just go to
I just want to
Burn

[CHORUS] (x2)

I just wanna burn
