I'm not like everybody else  
Looked in the mirror at myself

There's lots of girls prettier  
Than me  
Don't think I'm just the one next door  
You'll see that  
I'm so much more  
Right now you  
Might find it hard to believe

This girl  
Well she knows  
What she wants  
This girl has learned her right from wrong

This girl  
Can turn it up on her own  
Now let me tell you something  
I'm not scared of nothing  
Got it all figured out  
And I'm looking for lovin'  
And I know there's a man in this world

For This girl!

I've made my share of mistakes  
Felt just how  
Much a heart can break picked  
Myself up and moved on  
Looking ahead not looking back  
Right here, right now is where I'm at

We all could use a little lovin'  
When the road gets long...

This girl  
Well she knows  
What she wants  
This girl has learned her right from wrong

This girl

Can turn it up on her own  
Now let me tell you something  
I'm not scared of nothing  
Got it all figured out  
And I'm looking for lovin'  
And I know there's a man in this world

For This girl!

Somewhere out there  
Someone's waiting  
Whos arms are meant to hold

This girl  
Well she knows what she wants  
This girl has learned her right from wrong  
And This girl ain't gonna be alone now  
Let me tell you something  
I'm not scared of nothing  
Got it all  
Figured out and I'm looking for lovin'  
And I know there's a man  
In this world,  
For This girl

This girl
