Cultivate your hunger before you idealize  
Motivate your anger, to make them all realize

Climbing the mountain, never coming down  
Break into the contents, never falling down  
My knee is still shaking like I was twelve  
Sneakin' out the by the back door  
A man railed at me twice, though  
But I didn't care  
Waiting is wasting, for people like me  
chorus  
Don't try to live so wise,  
Don't cry 'cos you're so right  
Don't dry, with fakes or fears  
'cos you will hate yourself in the end 2x

you say dreams are dreams  
I ain't gonna play the fool anymore  
You say 'cos I still got my soul

Take your time baby  
Your blood nedds slowing down  
Breach your soul to reach  
Yourself before you gloom

Reflection of fear makes  
Shadows of nothing  
Shadows of nothing

You still are blind, if you see a winding road,  
'cos there's always a straight way to the point you see

Don't try to live so wise,  
Don't cry 'cos you're so right  
Don't dry, with fakes or fears  
'cos you will hate yourself in the end 2x  
'cos you will hate yourself in the end 4x
