Now that you've gone, I feel the need in me
I can't get over, losing you and me
Now that you've gone, I sit and wonder why
An' I can't believe, that this can be goodbye

Don't leave me now, don't leave me now
Cos I'm hooked on you

Vers

Light up my life, and let my fire burn
I can't think straight, an' babe there is no return
'Cos I still remember, all the love we had
And even the bad times, never felt so bad
Ref.

Don't leave me now, don't leave me now
'Cos I'm hooked on you
Don't leave me now, don't leave me now
'Cos I'm stuck on you
'Cos I'm in love, 'cos I'm in love
I'm in love with you

Tears on my pillow, since you went away
Since you've been gone, I sit at home and pray
Still can't believe, this can be goodbye
Baby release me, I don't wanna cry
Without you
I just can't go on this way
OH... Can't take another day
Without your love, please, don't leave me now
