"Let It All Rust"

How could I have known it would come to this?

Turning backs and giving up BECAUSE OF THE RISK

Cheapening a way of life that I choose to live

I gave this my heart and soul

What the fuck did you give?

Sell out your soul... let it all rust...

I've never seen a person fucking change this much

NOW WHO GAVE UP?

Sell out your soul... let it all rust...

I've never seen a person fucking change this much

NOW WHO GAVE UP ON HEART AND SOUL
