Did we learn anything from all of this  
Or did we lose sight  
Because we fell short and missed out?  
It was pain that made us try  
To get to kill that way of living  
TEAR DOWN THESE WALLS  
We need to spark a revolution in our minds  
TEAR DOWN THESE WALLS  
We don't want to fall short this time  
TEAR DOWN THESE WALLS  
We need to spark a revolution in our minds  
I though we had escaped  
But now amongst us lies another wall  
Waiting to be torn down  
It's keeping us from destiny  
It's keeping us from everything  
We don't want to fall short this time  
Can you help me  
TEAR DOWN THESE WALLS  
We need to spark a revolution in our minds  
TEAR DOWN THESE WALLS  
And I don'y want to fall short this time
