You!

I'm breaking the silence!

I'll stand for nothing short of perfect
It's over right now
I'll stand for nothing short of the best
And you're not even close

I've tried so hard to tell you
This has gone on too long
We've tried so hard to make due
But this all has gone wrong

The time has finally come for me to stand tall
To pack my things and get away from it all
It's long been over and it's just now come out
Breathe it all in, let it soak, it's gone away away away
away

I'll stand for nothing short of perfect
It's over right now
I'll stand for nothing short of the best
And you're not even close

I've tried so hard to tell you
This has gone on too long
We've tried so hard to make due
But this all has gone wrong

You!

You stole my heart with your eyes
You stole my life with your lies
You stole my heart with your eyes
You stole my life with your lies...
