As I feel this tension grow
It takes away my conscience
I freeze, burn, and stare
And scream out utter silence

Eyes are closed and hands are tense
Can't breathe the air around me
Now I know the naked truth
Now I know what is real

I'm moving on without you
It's all over now
Say goodbye, Say goodbye
Because nothing's worth this feeling

You've been playing with fire
And I didn't see the smoke
But now I've seen the naked truth
Now I know what is real

I'm moving on without you
It's all over now
Say goodbye, Say goodbye
Because nothing's worth this feeling

How do you think this makes me feel?
Were you thinking?
Can you even think?
Can you even feel?
Can you taste this now?
Can you feel this now?
Burn!

I've turned around and there's no going back
Push on, push on
Because nothing's worth this feeling
Especially you

I'm moving on without you
It's all over now
Say goodbye, Say goodbye
Because nothing's worth this feeling
