The world is a dark and scary place  
The world has a way of destroying my face  
The world's a very dark and scary place  
And it hurts sometimes  
And it kills sometimes  
You were on your knees  
And I gave you a gift  
You clung to it  
You bled with it  
You fed off it  
And now you're dead, buried with it  
Crying crying crying  
That the world is a dark and scary place  
That the world has the knack for destroying a face  
How you think the world's such a deadly darkening  
place  
And it hurts sometimes  
And it kills sometimes  
I know you're cold  
You know I'm warm  
But you're to dumb  
You know you want to come  
Though the space between us is a slum  
You say, ya say, you say, ya say  
You feel you want to come  
Crying crying crying  
The world's a dark and scary place  
The world has a way of destroying your face  
The world is a sharks bait to take  
And it hurts sometimes  
And it kills sometimes  
You were on your knees  
And I gave you a gift  
You clung to it  
You bled with it  
You fed off it  
And now you're dead, buried with it  
So you're crying crying crying  
That it hurts sometimes  
That it kills sometimes  
Crying crying crying

Don't leave, don't leave
