Wake up, get out, there's no time to waste now  
Never shut up it's our turn to speak out  
These streets are dead just waiting to come alive

Break down the doors of our comfortable room  
Tear down the walls we never could see through  
Aren't we sick yet of missing out on life

Do we want more?  
Tell me do we want more?

Cause we've heard the cry and we'll come alive  
And we fight for love and we live to die  
Because a life that holds no meaning  
Is like a day without the light  
So we've come alive tonight

All have the call but so few have listened  
Life is too short you don't want to miss this  
Make up your mind before life passes by

Now is the time to wake up and see this  
World won't revolve around you and me  
So let's be the change we've all been waiting for

Do we want more?  
Tell me do we want more?

Cause we've heard the cry and we'll come alive  
And we fight for love and we live to die  
Because a life that holds no meaning  
Is like a day without the light  
So we've come alive tonight

We are the passion  
We are the movement  
We are the fire  
We'll never lose it  
We are the passion  
We are the movement  
We are the fire

We'll never lose it

We've heard the cry and we'll come alive  
And we fight for love and we live to die  
Because a life that holds no meaning  
Is like a day without the light  
So we've come alive tonight
