It is fire it is lightning
It is real it is frightening
Who will come who will go
Who'll be the last to know
Who is there when you're fighting

And I am here, now
Oh and I don't know if the feeling is gone
I can't say this is all that I want
When the tears have all dried
I still hold you inside and I
Know that this can't be all wrong

Threw the pain through the window
To the place where the wind blows
All this love all this time
Always the last in line
Never far from the shadows

And I am here, now
Oh and I don't know if the feeling is gone
I can't say this is all that I want
When the tears have all dried
I still hold you inside and I
Know that this can't be all wrong

It is here it is in you
We are all that we've been through
All these nights all these days
Always a better way
So much more than we could do

And I am here, now
Oh and I don't know if the feeling is gone
I can't say this is all that I want
When the tears have all dried
I still hold you inside and I
Know that this can't be all wrong

Hey, and I don't know if the feeling is gone
I can't say this is all that I want

When the tears have all dried
I still hold you inside and I
Know that this can't be all wrong
