Wake up, have you ever seen my face?  
Wake up, don't believe me when I swear  
Wake up, baby, love is not enough  
Wake up, how I hate those stupid words

I would, only want to tell you more  
I should, save my soul  
I could, try to hold you in my arms  
But I know that I will never, never turn you on

Lost in my mind, now please show me the way  
Deep in my soul, I'm losing my self control

Wake up, do you really know me well?  
Wake up, smarty- baby- I can tell  
Wake up, treat me like it never worked  
Wake up, how bitter is the juice of love

I would, only want to tell you more  
I should, save my soul  
I could, try to hold you in my arms  
But I know that I will never, never turn you on

Lost in my mind, now please show me the way  
Deep in my soul, I'm losing my self control

And I'm losing my self control, I'm losing my self  
control  
Baby, love is not enough
