

## Vertigini "Watching The Daylight"

Visit "[Watching The Daylight](#)" on [MotoLyrics.com](#)

Iâ've closed my eyes  
on a sunny day  
Iâ've touched my lips  
And thought insanely  
To follow my instinct once again

Grass is green  
With a violet tree  
Iâ've opened up my eyes and seen  
A sudden escape from reality

Am I in search of eternity?  
The dream, that place Iâ've never been  
Hey,..i wanna live for real!

And I know nothing lasts forever  
But I have to find the sweetest way to cry  
Yes,I know nothing lasts forever  
But I have to find a way to fly high

Â'CAUSE IÂ'M , WATCHING THE DAYLIGHT  
ITÂ'S CALLING ME OUTÂ...

Iâ'm not that kind of girl  
with a cute and nice life  
Â'cause i prefer to face it up  
instead of staying still and wait

Call me dreamer  
Call me freak  
(but) the only pleasure I believe in  
is the joy of the way I feel  
the joy of the way I feel
