Thoughts that stay trapped inside,  
My spirit, helps me to recognise  
I am nothing like you believe,  
Why do you want to question me...  
Constantly?

I'm different to you.

Burn my world down. Blacken all I am.  
You let me down. You are no better than me.

Should I be more like you?  
But we tried that before...  
I still found my own way home...  
I still felt I was alone in here...

Burn my world down. Blacken all I am.  
You let me down. You are no better than me.

Burn my world down. Blacken all I am.  
You let me down. You are no better than me.  
(a hidden verse behind the second repeat of the  
chorus goes like this:  
"I'll never let you get close to me  
If I'm not happy in my own skin.  
I wanna make you feel the same as me.  
I'm gonna fuck you 'till it hurts like this.")

[intrumental plus samples]

I want to be heard... be missed...  
I want to be loved... be kissed...  
I want to be phoetal...  
I wish I could be moulded... to fit.

You said you'd help me...  
You said you'd help me...  
You said you'd help me...  
YOU SAID YOU'D HELP ME.

You said you'd help me.....

You said you'd help me.....
