Need some time, To disinfect  
To purify what you have left  
It's all I ever claim to be  
You ripped and fell away from me

They said "it's alright"  
They said "you're alright"  
I wish they knew what you have done

No, You killed it, Why?  
You'll hate yourself , No  
You killed it  
Why? Why?

Cut you down

I trusted you,  
You'd never lie  
I need some time to purify

They said "it's alright"  
They said "you're alright"  
I wish they knew  
I wish they'd cut you down

No, You killed it, Why?  
You'll hate yourself No  
You killed it  
Why? Why ?

You are the pain. You are the hurt, You are the hate  
You are the pain. You are the hurt, You are the hate

You are the pain. You are the hurt, You are the hate  
You are the pain. You are the hurt, You are the hate  
You are the pain. You are the hurt, You are the hate  
You are the pain. You are the hurt, You are the hate
