Four o'clock in the morning
Waiting for the light
It's another day dawning
Another day, a better life

Walk out in the morning sun
I'm always gonna be with you
(Always gonna be with you)
Lay down when your day is done
I'm always gonna be with you

I don't blame you for crying
No one else could see
But today we'll be flying
Forever you, forever me

Walk out in the morning sun
I'm always gonna be with you
(Always gonna be with you)

Lay down when your day is done
I'm always gonna be with you
(Always gonna be with you)

No doubts now we're free to run
I'm always gonna be with you
(Always gonna be with you)
I said, always gonna be with you
I'm gonna be with you

Walk out in the morning sun
And I'm always gonna be with you
(Always gonna be with you)

Lay down when your day is done
I'm always gonna be with you
(Always gonna be with you)

No doubts now we're free to run
I'm always gonna be with you
I'm gonna be with you

(Always gonna be with you)
Always gonna be with you
(Always gonna be with you)
Beautiful, beautiful day

(Always gonna be with you)
Goodbye lonely
(Always gonna be with you)
