You're dreamin', your fast Dina has turned sixty-three  
You hate readin', you hate ridin', you hate history  
Your standing in no man's land til you hear the band  
checking  
One two, (one two, one two)

No Chopin, or Beethoven, just a little R N B  
'cause, in your dreams, in your dreams, in your  
dreams  
You'll be up there to  
In your dreams, in your dreams, in your dreams  
There'll be lovin' you

Every weekend it's always the same  
The boys watching Eric, the girls watch in vain  
And the young contenders sit down here again  
There all down here again  
Boys at the front

Your hands spinnin', with young women, playin' on your  
mind  
They say traction, but no action, 'cause you don't have  
the time  
Nobody can make you choose, so you play the blues  
'casue you want to (one two, one two)

Young liein', you keep tryin', not to toe the line  
'casue, in your dreams, in your dreams, in your  
dreams  
You'll be up there to  
In your dreams, in your dreams, in your dreams  
There'll be lovin' you

Every weekend it's always the same  
The boys watching Eric, the girls watch in vain  
And all the young contenders sit down here again  
Ain't no trouble going down  
Boys at the front

In your dreams, in your dreams, in your dreams  
You'll be up there to

In your dreams, in your dreams, in your dreams  
There'll be lovin' you

Every weekend it's always the same  
The boys watching Eric, the girls watch in vain  
And all the young contenders sit down here again  
Ain't no trouble

Every weekend it's always the same  
The boys watching Eric, the girls watch in vain  
And the young contenders sit down here again  
Down here again  
Boys at the front

Boys at the front  
Boys at the front

Thank you
