She lied to me
I don't get it, I'm not letting it go
I can't get through anymore, not this time

She cheated me
of all my senses up against it this time
I can't fight anymore, not this time

Falling I'm falling
Sooner or later there'll be nothing out there
All that I believe in
Spinning around me it don't make no sense

And I'm falling I'm falling
Sooner or later there'll be nobody left
Calling I'm calling
Somebody stop me falling off the edge of this life

What does it take?
Someone hear me, listen clearly I'm done
She broke my heart in her hand and was gone

Can I get through, tell me
I'm in freefall down
and I can't stop now it's not right
She turned my soul out and left me undone

Falling I'm falling
Sooner or later there'll be nothing out there
All that I believe in
Spinning around me it don't make any sense now

Falling I'm falling
Sooner or later there'll be nobody left
Calling I'm calling
Somebody stop me falling in and out of this life

Falling I'm falling
Sooner or later there'll be nothing out there
All that I believe in
Spinning around me it don't make any sense now

Falling I'm falling
Sooner or later there'll be nobody left
Calling I'm calling
Somebody stop me falling off the edge of this life
