Get up

Do you remember how we used to say?  
Nothing could ever, oh, stand in our way  
It's no use pretending things are still the same  
'Cause we're no longer ahead of the game

Well, I've already gone through it all and it's true  
If you want to survive there's just one thing to do

Yeah, get up and do something  
Get up and take control of your life  
Get up and do something about it, baby  
You'll never make the same mistake twice, yeah

Just like a flyer high above the ground  
I'm on a tightrope, I'm afraid to look down  
Yes, I'm almost approaching the point of no return  
Sometimes I wonder if I'll ever learn

Well, I've already said that you ought to be proud  
Listen, talking is cheap, oh, but action speaks loud

Get up, do something  
Get up and take control of your life  
C'mon, get up and do something about it, baby  
You'll never make the same mistake twice

All of this time you've been learning to crawl  
When you're down on your knees you've got nowhere  
to fall

Get up  
Get up  
Get up  
Get up

Yeah, get up and do something  
Get up and take control of your life  
C'mon, get up and do something about it, baby  
You'll never make the same mistake twice

Get up and take control  
Get up and [Incomprehensible]  
Get up and take control of your life

Get up  
Get up  
Get up

Get up  
Do something about it, baby  
Get up  
Do something about it, baby
