Another day has passed me by  
And there's an island in the sun  
To see me through  
Another day in paradise  
But there's no reason, there's no rhyme  
Without you

Here comes the night (night)  
Here comes the dreaming of you  
Breathing your love in me  
Here comes the night (night)  
Here comes the feeling I've been  
Waiting here for so long  
I've been waiting here for so long

There's a time and there's a place  
When we can share the silver night  
Silent room  
In my bed an empty space  
Cos there's no other in my life  
Only you

Here comes the night (night)  
Here comes the dreaming of you  
Breathing your love in me  
Here comes the night (night)  
Here comes the feeling I've been  
Waiting here for so long  
I've been waiting here for so long

Here comes the night  
Here comes the dreaming of you  
Breathing your love in me  
Here comes the night (night)  
Here comes the feeling I've been  
Waiting here for so long  
I've been waiting here for so long
