Just a minor indiscretion
No need to apologize
I don't want this to become an obsession
But I just can't believe my eyes

Evidence in my possession
Points a finger straight at you
Every day I'm closer to a confession
If only I can face the truth

Every mistake that you make
Drives the knife into my heart
Twistin' down deeper and deeper
Still tearing me apart

I'm tryin' to find
A grain of truth in this web of lies
I'm trying to find
A grain of truth in this web of lies

You swear to God you're on the level
And you've nothin' more to hide
Then I turn around and speak of the devil
You're both together side by side

Every mistake that you make
Seems more careless than the last
I'm just amazed that you try to cover
The tracks of your past

I'm tryin' to find
A grain of truth in this web of lies
I'm trying to find
A grain of truth in this web of lies

Have you got me in your pocket?
Am I eating from your hand
I think we need to shed some light on the matter
So I can really understand

Darlin' there's no perfect crime
That's left without a trace

And right now I'm judge and I'm jury
Till I can rest my case

Tryin' to find
A grain of truth in this web of lies
I'm tryin' to find
A grain of truth in this web of lies

I'm tryin' to find
Grain of truth in this web of lies
Yeah, tryin' to find
A grain of truth in this web of lies

I'm tryin' to find
Grain of truth in this web of lies
I'm tryin' to find
