Someone
Who had my confidence
Someone
I knew from my birth
Kill you!!!!

Nothing else I want
You're going to pay
The treason you made

Traitor
We were blood brothers
Traitor
I saved you from bad times
Traitor
you forgot your feelings
You took that foul money
You're gonna regret now!!!!

Traitor
We were blood brothers
Traitor
I saved you from bad times
Traitor
you forgot your feelings
You took that foul money
You're gonna regret now!!!!

Traitor
We were blood brothers
Traitor
I saved you from bad times
Traitor

You must die!!!!
