[HOOK:]

I wanna get her, get her...go get her  
Been jockin' since I first met her, nobody does it  
no'-better  
Is she wit it, wit it...come get it  
Her man don't know how to hit it, so take it or fo-  
forget it

[VERSE1:]

I'm steppin' to you with my game strong  
Remain calm, I see your man but he be doin' wrong  
A sad song, so I...creep from the back, and I...put down  
the mack  
Do I...know how to work it, you ain't heard...that's a  
fact  
Got the city on lock, yo believe it or not  
But I can be the one to ice you out, from bottom to top  
Now bling bling, listen to the words that I sing  
I'm only talkin' 'bout a fling, I never mentioned a  
ring...oh no!

[B-SECTION:]

Wanna get you on the floor...little bump-n-grind, make  
ya beg for more  
Back to the crib for the after show...make ya ride that  
thang like a rodeo  
(Uh) Wanna be the one to turn you on...make it feel so  
right, that it can't be wrong  
Not tryin' to be around for very long...if you ain't  
'bout that, better move along

[HOOK 2X]

[CHANT:]

Ooh shorty get on down...Drop that thang down to the  
ground  
Pick it up - pick it up, shake it all around...Then turn that  
bootie round and round

[BREAK:]

Oh, oh, oh...oh, oh, oh...just...just wanna get with you!

[VERSE2:]

You're lookin' at me with those pretty eyes  
And thick thighs, make a player wanna fantasize  
I realize, that you...got what I want, and you...got what I  
need  
So you...go tell your girls you're comin' home with  
me  
Don't wanna be the one to keep ya for life (naw)  
Ain't gonna be the one to make ya my wife (uh-uh)  
I wanna be the one, that ya kinda like  
And you think about, when he starts a fight  
Better call me up, it'll be alright  
Cuz I'll break you off, all through the night (c'mon)

[B-SECTION]

[HOOK 2X]

[CHANT:]

Ooh-ah, let it flow...You're lookin' good, from head  
to toe  
Come my way, now we're good to go...No doubt you  
got me hot for sure

[DIALOGUE:]

Ha-ha...hey yo Sol, take me to the bridge!

[BRIDGE:]

(You could) Hit me off, when he's outta town  
I can be the one to never let you down  
(You could) drop by when ya leave the club  
Go up the stairs, break you off like what (uh)  
Or call him up, say you won't be home  
Say your girlfriends faded, can't drive alone  
Girl it really don't matter what'cha gotta do  
Cuz I just...just wanna get with you!
