Yeah, I like this
You know I see you girl
That's right come on over here
Check it out

Baby now when I close my eyes
I think about a face that I can't deny
And I wonder why
Emotions fly
Thoughts multiply
Then I start to cry now
Wonder why I feel this way
Living my life from day to day
Thinking of the games that I used to play
If she was right here this is what I'd say

Now ooh ooh girl
Tell me what's on your mind mind girl
Can we just spend some time in my world
All I really need is your sign sign girl
Gotta let me know what your heart is feeling

It's the way to look, the way you talk, the way you walk
Gotta be the one you want after the show baby
You're my backstage girl..(from the front to back yo the
place is packed)
You're my backstage girl (backstage)

The way you smile, the way you move, the way you
groove
Wanna be the one you hold when the lights go out baby
You're my backstage girl (but you gotta be in line til we
find the time)
Backstage girl (backstage)

Yeah..uh uh
I never thought in my life that I'd find the one
But I see her every night when the show is done
And I realize to my surprise
Don't wanna be alone want her by my side now
Even though she's hard to find..says VIP inside my
mind

After every show I see her face in line
'Cause a backstage pass will never be declined now

Ooh ooh girl
Tell me what's on your mind mind girl
Can we just spend some time in my world
All I really need is your sign sign girl
Gotta let me know what your heart is feeling

It's the way to look, the way you talk, the way you walk
Gotta be the one you want after the show baby
You're my backstage girl..(from the front to back yo the
place is packed)
You're my backstage girl (backstage)

The way you smile, the way you move, the way you
groove
Wanna be the one you hold when the lights go out baby
You're my backstage girl (but you gotta be in line til we
find the time)
Backstage girl (backstage)

Yo J, break it down like this

I never been the kinda guy to wanna settle down
But you got me going crazy
And now I found that I'm doing these things that I said
I'd never do
Going home all alone
Yo it's all for you
Don't wanna be the one to get with every girl
Living coast to coast, playin around the world
I'm looking for the one though
I'm running out of time
Wanna see you backstage
Then I gotta make you mine

We could take a little trip to the.. hot spot
Then take it to the floor make it.. hot hot
Go out in my ride no.. top top
Back to the hotel don't..stop stop

We could take a little trip to the.. hot spot
Then take it to the floor make it.. hot hot
Go out in my ride no.. top top
Back to the hotel don't stop don't stop

Yeah, oh girl (I get on stage, first thing I'm looking for
is you)
(you're my backstage girl) yeah so let's do this

It's...

The way to look, the way you talk, the way you walk
Gotta be the one you want after the show baby
You're my backstage girl..(from the front to the back yo
the place is packed)
You're my backstage girl (backstage)

The way you smile, the way you move, the way you
groove
Wanna be the one you hold when the lights go out baby
You're my backstage girl (you're my backstage girl)
You're my backstage girl

Yeah yeah yeah yeah yeah yeah, oh oh,
You could be my backstage girl (that's right)
Backstage girl (hah..come on..ooh)
You're my backstage girl
