He called us a while ago somehow I forgot to let you
know Where could my mind be And yesterday I stayed
up till dawn forgot I had school and I was wrong Where
could my mind be? Forgot something again forgot
what mom just said What's my deal? Captain Forget
can't seem to find all our money and it seems that I just
lost the key Where could my mind be? And yesterday I
stayed up till dawn forgot I had school and I was wrong
again Where could my mind be? Forgot something
again forgot what mom just said What's my deal?
Captain Forget someday I'll think about it I pray I'll lose
this habit
