Yeah baby I hope you don't misunderstand me

My philosophy was you and me, even up my dreams it
is you I see

The bubble pops, the puzzle incomplete can't you see
you was all I needed

I'm sad trying to hold back, but tears rolling fast with
this pain in my past

Honestly I feel weak, well it's hard to explain but you
drive me insane

[Chorus:]

Girl I wrote this letter to let you know forever

I keep you in my heart when I'm leaving you go

Girl I wrote this letter and it ain't getting better

That is why I can't be with you

Ps: I still love you

My only question: do you miss me when I am gone?

Tell me girl! Tell me

It is reality that you're playing me

You took my air to breath

Cause I was blind to see

Now I know that I have to go

Why don't you see I was all you needed

Wanna stay but it ain't ok that he is with you

And it's me who's alone

[Chorus:]

Girl I wrote this letter to let you know forever

I keep you in my heart when I'm leaving you go

Girl I wrote this letter and it ain't getting better

That is why I can't be with you

PS: I still love you

I was the one that you could always count on, lean on

But those days are gone

All we have are memories of better days

Now I need to say goodbye

[Chorus:]

Girl I wrote this letter to let you know forever

I keep you in my heart when I'm leaving you go
Girl I wrote this letter and it ain't getting better
That is why I can't be with you
Ps: I still love you... [x2]
