You got me feeling crazy

You're always on my mind

And I get to feeling lately

(CHORUS)

If I never knew your name

I'd love you all the same

But I have you to myself

Wanting nothing else

Knowing that you're mine

Good time, bad time

All the time

Hands reaching cross a room

(CHORUS)

And I know somewhere

Inside my mind

(CHORUS)

Have you to myself

Wanting nothing else

Knowing that you're mine
