Haunted by the past  
A nightmare that seemed so unreal  
I wish that I could turn back time  
And spare the pain that we both feel  
And now we've changed  
Things will never be the same  
(Things will never be the same)

We were foolish then  
But our trials served to make us strong  
The burdens are not yours alone  
We've sought the answers for so long  
But they're not free  
They cost you more than they cost me  
(My brother...)

I promise you, there is nothing I won't give  
To see this through  
Return the soul to where it lives  
I promise you, I'd go everywhere I've been  
To find a way to make atonement for my sin and see  
See your smiling face again

When we've paid the price at last  
And we are whole once more  
Life will be the way it was  
The way it was before the day  
She slipped away  
Together we'll redeem that day

And I promise you, there is nothing I won't give  
To see this through  
Return the soul to where it lives  
I promise you, I'd go everywhere I've been  
To find a way to make atonement for my sin and see  
See your smiling face...

(I promise...)[3 x]

I promise you, there is nothing I won't give  
To see this through  
Return the soul to where it lives

I promise you, I'd go everywhere I've been  
To find a way to make atonement for my sin and see  
See your smiling face again
