I used to roam all night long  
I lurked the streets late at night  
I ain't never comin' home  
But loneliness  
Is part of the game  
And misery loves company

I used to think that I was a king  
Fancy cars, fancy clothes and diamond rings  
Yeah but happiness is a funny thing  
And misery just loves company

Bridge

Don't even try to understand  
What goes on inside this man  
As a boy I used to dream  
'cause' sometimes life ain't what it seems

We used to dance under moonlight  
But then the tears began to fall  
And baby that ain't right  
'cause' losin' you  
Was part of the game  
And misery loves company  
'cause' fuckin' up  
Was part of the game  
And misery loves company
