Have you ever been to northpoint  
To spend your time and pray  
The prison walls are dark and cold and grey  
The writing on the wall at northpoint  
Speaks to a silent room  
They shut the bars down, leave you to the gloom

Chorus

How could we get any closer, so high is the wire  
and the guards won't listen  
They won't believe me  
And then it all came back  
somewhere far above, has a new day risen  
way beyond the searchlight, comes alive

Then on a bright day at northpoint  
The gate was open wide  
They chanced to look at what was inside  
There were a million stars at northpoint  
And from the silent tomb  
They took it to the heart,  
And left for the moon

Chorus

Have you ever been to northpoint  
To spend your time and pray  
The prison walls are dark and cold and grey
