Mother is here
I want you sick by noon
Sweet child of mine
I want you sick by noon

Mothers righteous
Kill or cure
It slept in the fire
Obsessed by more
It gave you a picture
That was made of blood
This is the proof son now go with god

You can fake this you can fake it all
I can feed you we can change your fall

Mother is here
I want you sick by noon
Sweet child of mine
I want you sick by noon

Palest sister diagnosed
I'll nurse you to safety
Not changing course
Policed by my presence
You can make me proud
This is my proof see
Now go with god
You must take this make your mother strong
You can fake this we shall right the wrongs

Mother is here
Know that you're not alone
Mother is here
I want you sick by noon

You must fake this you can fake it all
I can feed you we can change your fall

Mother is here
I want you sick by noon
Sweet child of mine

I want you sick by noon
Mother is here
Know that you're not alone
Mother is here
I want you sick by noon
