Always hoping something bad is coming
Never being protect
Spend my life desiring what's on my mind
I'll get there in the end

I made my mind up early on in life
That if i was to win
I'd have to fight right from the very start
To get my entry in
And make my place amongst the human race
Before the chase begins

Always hoping something bad is coming
Never being protect
Spend my life desiring what's on my mind
I'll get there in the end

I take a risk cuz society at it's best
If I am to succeed
I keep on trying to control my own life
Work for what I need
It satisfies my soul
What more do I need

Always hoping something bad is coming
Never being protect
Spend my life desiring what's on my mind
I'll get there in the end

Here, Here, Here

Always hoping something bad is coming
Never being protect
Spend my life desiring what's on my mind
I'll get there in the end

Keep on hoping something bad is coming
Can't stop hoping something bad is coming
