We want to enter into the courts  
Of the Lord with singing  
We want to fill the halls of Heaven-with our song  
We've got to be sure that our best  
Is what we're bringing  
And that the heart is where all the praise-is coming  
from  
Because the Lord deserves more than the music  
Or beautiful words  
You know the God we serve is worthy of our everything  
And that's the reason why we sing

Hallelujah! - To God be the glory!  
For the wonderful marvelous things  
That he has done for us  
Hallelujah! - To God be the glory!  
Give the Lord the highest praise!  
Give the Lord the highest praise!

We've got a reason and a right to shout  
And sing God's praises  
And we're gonna serve him gladly-lifting up holy hands  
We're gonna join together, rejoicing  
In his presence  
Giving the Lord the glory-in every way we can  
Because the Lord gave us his own life  
To show us his love  
That's why we lift him up and offer him our  
Everything he's the reason why we sing

Praises - Give him the praises  
High praises - Give the Lord the highest  
Praises - Give him the praises  
High praises - Give the Lord the praise  
Worthy - Worthy he's worthy - Worthy of the highest  
Praises - Give him the praises  
High praises - Give the Lord the praise
