I could have fortune and fame
Go anywhere do anything
But oh God I just want you
I could search for earthly things
To satisfy my every need
But oh God I just want you

I just want you
I just want you
I just want to live
In your presence everyday
I lay down my will
And every selfish desire
Whatever it takes
Father that's what I'll do
Cause I just want you

Standing in this holy place
I'm only here to seek your face
Oh God I just want you
Can you feel the passion?
In my heart
To be close to where you are
Oh God I just want you
