Pain
The gift nobody
Longs still it comes
Somehow leaves me
Stronger when it's gone away
Pray I try and pray
For your will to be done
But I confess it's never
Fast enough for me

It seems the hardest part
Is waiting on you
When what I want
Is just to see your hand move

I want a peace beyond my
Understanding I wasn't to feel
It fall like rain
In the middle of my hurting
I want to feel your arms as they
Surround me
And let me know that it's okay
To be in this place
Resting in the peace that only comes
In the waiting

Time, time to let it go and just believe
Trusting in what no one else
But you can see
Free freedom from the fears that
Close me in when I can't beyond where
I have been but then Again the silence
Doesn't mean that I'm alone
As long as I can hear
That I'm still your own
