If you're cast down, and looking within  
Covered with shame, and swallowed by sin.  
Just turn your eyes, to the sky up above  
He changes not, he changes not

I'm talking bout Jesus, Glory,  
Righteous, Holy Lamb of God,  
Someday he's coming again.

Just like the moon,  
We borrow our light  
He makes our way  
Straight through the night  
Just like the children, of the Promised Land  
If he leads us out  
You know that he'll lead us in

I'm talking bout Jesus, Glory,  
Righteous, Holy Lamb of God,  
Someday he's coming again

I'm singing about Jesus,  
Savior, Healer, Maker,  
Warrior, Praise God,  
He's coming again.

Let the kingdom come  
Let the kingdom come  
When we have Heaven here on earth.  
Then we'll be one
