"You Amaze Me"

Your presence amazes me, Your glory surrounds me
When I walked in this room I felt Your arms hands upon
me
To think how great You are, still You would touch
someone like me
It's Your mercy and grace, You amaze me
I marvel at Your greatness
Incredible Your faithfulness
To meet You in this unexpected place
Seems as though I can see You face to face
Your presence amazes me, Your glory surrounds me
When I walked in this room I felt Your arms hands upon
me
To think how great You are, still You would touch
someone like me
It's Your mercy and grace, it's Your mercy and grace
It's Your mercy and grace, You amaze me.
