Chorus

Angel of mine  
You are my friend  
Through the hard times  
Here till the end

Verse 1

It almost seems  
We've known each other forever  
You and i, my friend  
Difficult days seem a little bit brighter  
Because you are here  
You always know just what to say to keep me smiling  
God knows i needed you in my life  
To make it to the end

Chorus

Verse 2

You're an awesome (friend)  
And a very special (friend)  
You're everything i need and more (friend)  
Together we are just a little bit stronger  
Together we are just a little bit wiser  
Together we are just a little more beautiful

Chorus

Vamp

Eyes have not seen  
Ears haven't heard  
What god has in store for us  
Together we stand  
Believing his word  
We will conquer the world

Chorus
