What kind of man is this?
Who died for me and set me free,
Tell me what kind of man is this,
Who died for me and set me free.

What kind of man is this?
Who would leave His heavenly home,
And...come down
And come down,
To give His life
For sacrifice,
Just to save a...wretch like
You, you, you, you
You, you, you, you
You and me.

They beat my Jesus,
That beat him all night long,
Until they saw almost every little bone...
And when he took His
His very last breath,
He hung His head and died
For you and I...

Oh what love
The Man had for me,
(Thank you, Jesus)
That He would give his life...
(Help me sing)

Oh what love
He has for me,
That He would give
His life...

Oh what love
He has for me,
That He would give
His life...

I don't know what you call it,

But that's love
That's genuine love
Oh.....

(Oh what love He has for me)
He has for me,
That He would give His life.

Oh what love,
He has for me,
That he would give His life.

(Come on and help me)
What love
(What love)
What love
(What love)x15

Oh what love,
He has for me,
That He would give His life.

What a minute, I want to tell you
My Jesus
Jesus went to Calvary
To save a wretch
Like you and me
That's love
That's love

Say it again
Jesus went to Calvary
To save a wretch
Like you and me
That's love
That's love

Let me tell you what they did to Him
They hung Him high
They stretched Him wide
He hung His head
For me He died
That's love
That's love

They hung Him high
They stretched him wide
He hung His head
For me He died
That's love
That's love

Wait a minute, That's not how the story
That's not how
The story ends
For in three days
He rose again
That's love
That's love

Thank you, Jesus

That's not how
The story ends
For in three days
He rose again
That's love
That's love

Yeah...

Oh what love
He has for me
That He would give His life...

Oh what love
He has for me
That would give His life...

What love...
