A song without a melody  
A dream that's just a fantasy  
A forest with only one tree  
Oh how my life was incomplete  
The circus never came to town  
The merry-go never went round  
The happy clown always wore a frown til i found you  
A majorette marching out of time  
An evening star that wouldn't shine  
A poem that never rhymed  
The missing link i could not find  
A nursery without a flower  
A clock that never gave the hour  
All my hopes and my dreams went sour til i found you

My soul has found sweet harmony  
My dreams have become reality  
And now my life is so full and complete  
Since i found you Oh...  
The circus finally came to town  
The merry-go goes round and round  
The happy clown is smiling now  
Since i found you  
Since i found you  
oh since i found you  
Since i found you
