I hear a voice from paradise
Looks like a new day dawning
So clear, I just open my eyes
Can't you hear the voice calling

I feel a rush in the air tonight
I can feel the earth moving
Love is a beacon, a guiding light
Can't you feel the earth moving

Feel the earth move
Now I'm wrapped in a sweet love's arms
Reaching out for you
There's something magic in the air tonight
I can feel the earth move
And it moves me

Can't you hear the voice calling
It looks like a new day dawning

Reach out, it's a leap in the dark
But there's no danger of falling
Give out, give it straight from the heart
You feel like thunder rolling

I feel a rush in the air tonight
I can feel the earth moving
Love is a beacon, a guiding light
Can't you feel the earth moving

Feel the earth move
Now I'm wrapped in a sweet love's arms
Reaching out for you
There's something magic in the air tonight
I can feel the earth move
And it moves me

Can't you hear the voice calling
You feel like thunder rolling

Feel the earth move
Now I'm wrapped in a sweet love's arms

Reaching out for you
There's something magic in the air tonight
I can feel the earth move
Moves me

Feel the earth move
Now I'm wrapped in a sweet love's arms
Reaching out for you
There's something magic in the air tonight
I can feel the earth move

Feel the earth move
Sweet love's arms
Reach out for you
There's something magic in the air tonight
I can feel the earth move

Feel the earth move
Sweet love's arms
Reach out for you
There's something magic in the air tonight
I can feel the earth
