Look down from in high places
Lift off the ground
Without a sound yeah

We move through open spaces
The wind it pulls
The sky gets close yeah

Could we get much higher?
Could we get much lighter?
Navigator to heaven.

Check out did you check your heart?
This cloudless blue
This starlight night yeah

Shoot out into the shining
That devil moon
He sings of love yeah
Could we get much higher?
Could we get much lighter?
Navigator to heaven.

The stars so close we touch them
They seem so small
They make me wonder

Far out in formation
Five thousand moons
Floating balloons

Could we get much higher?
Could we get much lighter?
Navigator to heaven.
