Look down from in high places  
Lift off the ground  
Without a sound, yeah

We move through open spaces  
The wind, it pulls  
The sky gets close, yeah

Could we get much higher?  
Could we get much lighter?  
Navigator to heaven

Check out, did you check your heart?  
This cloudless blue  
This starlight night, yeah

Shoot out into the shining  
That devil moon  
(That devil moon)  
He sings of love, yeah

Can we get much higher?  
Can we get much lighter?  
Navigator to heaven

The stars, so close we touch them  
They seem so small  
They make me wonder

Far out in formation  
Five thousand moons  
Floating balloons

Couldn't get much higher  
Couldn't get much lighter  
Navigator to heaven
