I been waiting at this frontier  
And it seems like a hundred years,  
But I couldn't see past the gate.  
I couldn't see past the hate.  
Now I'm coming back to my senses.  
I can see a light past the fences,  
Standing at the borderline.  
I've come to the end of the line.  
Will-power, give me some to survive.  
One more hour and I'm coming alive.  
I can see the light.  
[ chorus ]

And there's blue sky breaking  
Through the edge of the night.  
I can see the light.  
Ooh, I can feel the light.  
Whoa-whoa! whoa-whoa!  
The most precious thing I possess  
Is knowing the answer's yes,  
And soon my liberty  
Will be a reality.  
I've been given a second chance.  
I could open my arms and dance.  
Open that barricade.  
No longer I'm living afraid.  
Will-power, give me some to survive.  
One more hour and I'm coming alive.  
I can see the light.  
[ repeat chorus ]

Now I climb the steps to freedom.  
The open gates, I can see them.  
Hands that I once knew  
Beckoning me through.  
As the sunlight touch my face,  
I can feel the warm embrace.  
Arms surround me.  
My life has found me.  
Will-power, give me some to survive.  
One more hour and I'm coming alive.  
I can see the light.

[ repeat chorus ]

Whoa-whoa!  
Ooh, I can see the light.  
I can see the light  
Coming in bright.  
I can feel the light,  
Freedom in sight.  
Oh, I can see the light  
Coming in bright.  
I can feel the light.  
I can see the light,  
It's coming in bright.  
I can feel the light,  
Freedom in sight.  
I can see the light.  
Oh, I can feel the light.  
I can see the light,  
It's coming in bright.
