I'm sorry my love
If I've broken your heart last night
I beg of you to forgive me
There is one I'm sorry

I promise my love
I won't make that mistake again
Oh won't you please forgive me
And be my love again

I was a fool to treat you mean and cruel
I didn't know at all
Now I've realized so I apologize
I'll never, never hurt you again
Ooh...

I'm sorry my love
If I've broken your heart last night
Oh won't you please forgive me
And be my love again

I'm sorry my love
If I've broken your heart last night
Oh won't you please forgive me
And be my love again
I'm sorry, I'm sorry, I'm sorry
My love...
