Hey hey baby, you're driving me crazy
Let's get together, stay together maybe
Just for the night, forever seems crazy
We can do whatever, let's just come together baby

Excuse me baby listen
But I got a proposition
Involving me and you
And the love that I've been missing
Don't be afraid
Or attempt to walk away
Or intimidated by the way
I am phrasing what I'm saying

I'm the kind of girl who know what she wants
But are you the kind of guy who can give what I want
Wait before you answer, stop and throw your hands up
This is my party, and you're the private dancer

Hey hey baby, you're driving me crazy
Let's get together, stay together maybe
Just for the night, forever seems crazy
We can do whatever, let's just come together baby
Hey hey baby, you're driving me crazy
Let's get together, stay together maybe
Just for the night, forever seems crazy
We can do whatever, let's just come together baby
