You're not the only one knocking down my door (it's that simple)
And I know that we've had this conversation before (it's that simple)
So baby if you want me let me know (it's that simple)
Just let me know (it's that simple)
Or baby get gone (it's that simple)

You're not the only one knocking down my door (it's that simple)
And I know that we've had this conversation before (it's that simple)
Don't make me have to talk to you about this no more (it's that simple)
Just let me know (it's that simple)
Or baby get gone (it's that simple)

I'll make this really clear
I won't be saying this no more
Gotta tell me how you feel
You can walk right out the door
Yes I'm tired of playing games with you I've had it up to here
Baby just be real with me or you can disappear

It's like everywhere I go I just can't seem to keep them off of me
Boy you're not the only one who says he wants to be with me
Let me simplify it for ya, you know I'll be riding with ya
But I need to know just how you feel it's that simple

You're not the only one knocking down my door (it's that simple)
And I know that we've had this conversation before (it's that simple)
So baby if you want me let me know (it's that simple)
Just let me know (it's that simple)
Or baby get gone (it's that simple)

You're not the only one knocking down my door (it's that simple)

And I know that we've had this conversation before (it's
that simple)
Don't make me have to talk to you about this no more
(it's that simple)
Just let me know (it's that simple)
Or baby get gone (it's that simple)

So now you know how I feel
Boy it's time to make a choice
Are you ready to be with me
Cos it's time to kill the noise
I need the love of someone I can trust
Can you commit to me, or stop playin me

I told you everywhere I go I just can't seem to keep
them off of me
Boy you're not the only one who says he wants to be
with me
Let me simplify it for ya, you know IÂ'll be riding with ya
But I need to know just how you feel it's that simple
