You're not the only one knocking down my door (It's that simple)
And I know that we've had this conversation before (It's that simple)
So baby if you want me let me know (It's that simple)
Just let me know (It's that simple)
Or you can just go (It's that simple)

You're not the only one knocking down my door (It's that simple)
And I know that we've had this conversation before (It's that simple)
Don't make me have to talk to you about this no more (It's that simple)
Just let me know (It's that simple)
Or you can just go (It's that simple)

I'll make this really clear
Won't be saying this no more
Now tell me how you feel
Or you can walk right out the door
Yes, I'm tired of playing games with you
I've had it up to here
Baby just be real with me
Or you can disappear

It's like everywhere I go I can't seem to keep 'em off of me
Boy you're not the only one who says he wants to be with me
Let me simplify it for ya, you know I'll be ridin' with ya
But I need to know just how ya feel, it's that simple

You're not the only one knocking down my door (It's that simple)
And I know that we've had this conversation before (It's that simple)
So baby if you want me let me know (It's that simple)
Just let me know (It's that simple)
Or you can just go (It's that simple)

You're not the only one knocking down my door (It's that simple)
And I know that we've had this conversation before (It's that simple)
Don't make me have to talk to you about this no more (It's that simple)
Just let me know (It's that simple)
Or you can just go (It's that simple)

So now you know how I feel
Boy it's time to make a choice
Are you ready to be with me
Cos it's time to kill the noise
I need the love of someone I can trust
Can you commit to me
Boy stop playing games

I told ya everywhere I go I can't seem to keep 'em off of me
Boy you're not the only one who says he wants to be with me
Let me simplify it for ya, you know I'll be ridin' with ya
But I need to know just how ya feel, it's that simple

(It's that simple)

(It's that simple)

You're not the only one knocking down my door (It's that simple)
And I know that we've had this conversation before (It's that simple)
So baby if you want me let me know (C'mon)
Just let me know (C'mon)
Or babe you can go (It's that simple)

You're not the only one knocking down my door (It's that simple)
And I know that we've had this conversation before (It's that simple)
Don't make me have to talk to you about this no more (C'mon)
Just let me know (C'mon) (Owwwww!)
Or babe you can go (It's that simple)
